DURING 2012**

During the message series, "The Story," all age groups will explore the Bible in chronological order, from the book of Genesis to Revelation throughout 2012. "The Story," brought to us in a fresh and clear way, will help us understand what the stories meant then, and what they mean to us today.

Discover how God uses our stories to accomplish His purposes in us—and through us, to impact the world.

"A GUIDED TOUR OF THE BIBLE" - GROWTH EXPERIENCE

Most of us have a Bible, but many of us have never read it or understood it. Even when we do try to read it, many of us give up because we get lost in it. But there is a good solution. One of the best ways to get to know a new place is to take a guided tour. A good guide can show you around, help you understand the culture and history, point out interesting things, help you to get to know the people, and answer your questions. Before long, you start noticing new things for yourself—and you can even tell others about it. If you want to take a tour like this to understand and apply your Bible, then this class is for you. Your tour guide is Brian Mavis, and the tour will be on...

SATURDAY, 6:15 P.M. & SUNDAY, 9:30 & 11 A.M.
