

OVERVIEW

Position Type: Part-time

Reports to: Creative Arts Pastor

Department: Creative Arts Team

SUMMARY

To serve the church with technology by helping to create worship environments and experiences that allow people to grow in their faith, love Jesus, and connect to LifeBridge.

WHAT YOU DO

- Collaborate in all phases of weekend service and special event production, including all media, graphic, and technical aspects from concept development through production.
- Artistically and creatively utilize, provide, coordinate, and operate the AVL tools and technology of LifeBridge.
- Recruit, qualify, train, and coach employees and volunteers in the proper use of the AVM equipment, tools, and technology.
- Provide vision, requirements, and strategy as it relates to AVM, as required during strategic planning and budgeting processes.
- Stay current on emerging trends in ministry, technology and design.
- Ability to shoot and edit video for stories, sermon illustrations, and posting sermons online

WHO YOU ARE

- Technical expertise with understanding of creative process
- Strong ability to collaborate with creative staff and volunteers
- Ability to drive and push for technical solutions
- Cares about achieving a high level of excellence

PREFERRED EXPERIENCE

5+ years technical experience in church or equivalent
